*“Feeling shower-fresh  
clean all day long. That’s what  
I get with the warm-water cleansing  
of the Purité™ Personal Cleansing Spa.  
It’s a real confidence booster.”*

## From necessity to the lap of luxury

We've all had times in our lives when using the toilet can be an uncomfortable experience. This discomfort can be attributed to certain medical conditions, foods or medications or from having undergone surgery. Whatever the cause, the fact is, extra comfort is more than a luxury during these difficult times. It's a necessity. And the most soothing way to relieve discomfort when toileting is with the gentle, warm-water cleansing offered by the Purité™

*“Due to a medical condition, using the toilet can be uncomfortable. The Purité™ Personal Cleansing Spa eases my discomfort and makes me feel cleaner.*

*That’s very important to me.”*

For greater comfort and better personal hygiene, the Purité™ Personal Cleansing Spa is the perfect choice for any bathroom in your home. The warm-water washing not only feels luxurious, it provides the necessary comfort when you need it most. And it's so easy to use. Anyone can do it—no matter what your age, gender or physical ability.

## PURITÉ™ COMFORT

- to promote good skin health
- to help with side effects from medications
- for cleansing after surgery
- for coping with irritable bowel syndrome

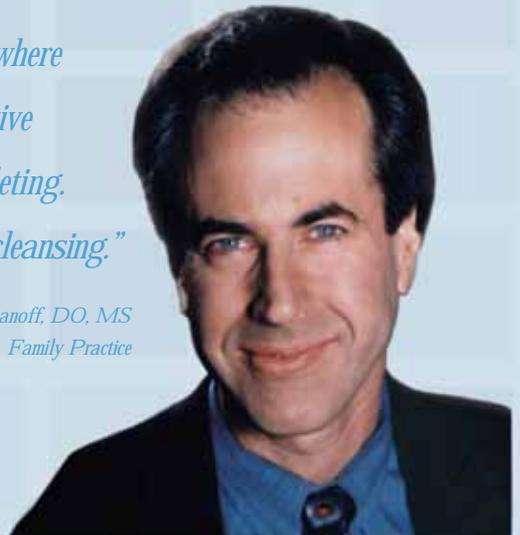

## A more dignified approach to personal hygiene

Whether we want to accept it or not, we all are aging. And as we grow older, we may encounter physical challenges that affect our ability to maintain good personal hygiene. These challenges may include reduced mobility due to osteoarthritis or chronic back pain, or incontinence brought on by prostate, bladder or other conditions. With such physical challenges, the ability to cleanse thoroughly can be an obstacle. It doesn't have to be.

The easy-to-use Purité™ Personal Cleansing Spa makes good personal hygiene easier than ever. Not only can it help maintain hygiene, it also increases our sense of independence and personal dignity, all of which become increasingly important to us as we age. The Purité™ allows us to truly age gracefully with a more dignified approach to personal hygiene.

*“There are many medical conditions where hydrocleansing can help relieve sensitive tissues and improve hygiene after toileting. That’s why I highly recommend hydrocleansing.”*

• Over 15 million Americans suffer from incontinence—85% of them women.

## Spa-tacular Performance

The easy-to-use styling and great performance of the Purité™ is sure to garner a standing ovation—even from those who will undoubtedly want to remain seated. With just the push of a button, you can control water temperature, water pressure, and the cleansing area.

The user-friendly, insulated, waterproof control panel has settings for the entire family. And the seat features a weight-activated switch that assures the Purité™ controls only work when the seat is occupied.

- Three temperatures

- Five wash pressures

- Easy-reach stop button

- Precise cleansing comfort  
for female and family

The Purité™ molded plastic seat contains DuraGuard™, an antimicrobial agent that guards against mold, mildew and bacteria. This helps ensure a cleaner, more hygienic seat for your personal health. And to protect little fingers, our special Slow-Close Hinge on both seat and lid is standard. It will not slam shut or pinch fingers and assures a quiet close every time with just the touch of a finger.

• Urinary tract infections (UTIs) are most often caused by bacteria from the colon. Good personal hygiene can discourage these infections.

• The number of American households caring for aging parents has tripled over the past 10 years.

## *Important Installation Considerations*

The Bemis Purité™ Personal Cleansing Spa requires a 120-volt ground fault electrical outlet. It draws water from the bathroom supply via a branching valve on the water supply. A T-valve is included to connect the water supply line. The Purité™ will fit most elongated one-piece and two-piece toilets, and is UL certified. See your plumbing professional for details.
